## Programming Skills

---

**Languages:** Python, HTML, CSS, SQL (**Basic:** Numpy, Pandas, Matplotlib, OpenCV, Tkinter)

**Concepts:** DBMS, OOPS, Networking Essentials

**Tools:** MySQL Workbench, Power BI, GitHub, PyCharm, VS Code

## Training

---

### Python Training – DevTown

**Remote**

- Enhanced coding proficiency and hands-on problem-solving using Python.

**Duration:** 4 Weeks

- Practiced real-world tasks and logic-building through structured modules and projects.

### Power BI Training – Deloitte

**Remote**

- Learned to create dynamic dashboards and perform business data visualization.

**Duration:** 2 Weeks

## Projects

---

### Face Track – Face Recognition Attendance System | [GitHub](#)

**Duration:** 3 Weeks

- Description:** AI-powered system that automates student attendance using real-time facial recognition.

- Technologies Used:** Python, OpenCV, Tkinter, MySQL.

- Marked attendance via webcam and saved records in the database automatically.

### Sales Insights Dashboard | [GitHub](#)

**Duration:** 2 Weeks

- Description:** Power BI dashboard providing real-time sales and market performance insights.

- Technologies Used:** Python, Power BI.

- Helped stakeholders identify trends and support strategic decision-making.

### Voice Assistant – ALEX | [GitHub](#)

**Duration:** 2 Weeks

- Description:** Python-based voice assistant that executes user commands through voice interaction.

- Technologies Used:** Python, Speech Recognition, Pytsx3.

- Enabled voice-based searching, system control, and query execution.

### Pulse Care – Healthcare Appointment System | [GitHub](#)

**Duration:** 5 Weeks

- Description:** Web platform for managing doctor appointments, prescriptions, and admin access.

- Technologies Used:** HTML, CSS, JavaScript, PHP.

- Included secure login, real-time appointment tracking, and patient records.

## Education

---

### Acropolis Institute of Technology and Research, Indore

**Duration:** 2021 – 2025

B. Tech in Computer Science and Engineering

CGPA: 8.10/10

### Lokmanya Vidya Niketan, Indore

Senior Secondary (10+2) | PCM | 81.6%

High School (10th) | 75.8%

**Duration:** 2020 - 2021

**Duration:** 2018 - 2019

## Accomplishments

---

- Achieved **Elite Rank** in **NPTEL DBMS** Certification.

- Completed **Deloitte Data Analytics Job Simulation** with verified certificate.

- Certified in **Python** by **Google Developer Group (GDG)**.

- Earned **Cisco Networking Essentials Certificate** with foundational networking skills.

- Conducted an **HTML Workshop** for a **Govt. School** as part of the **Village Connect Program**.
